

## DID YOU KNOW?

The housing crisis in Edmonton is worsening:

- 300-400 Edmontonians die annually due to homelessness.
- 4,800 people are experiencing homelessness (July 2025, Homeward Trust BNL).
- 46,155 households are in core housing need (CoE Housing Needs Assessment 2021).
- Decent, **affordable, social & supportive housing** is essential for strong, healthy communities.
- Housing encompasses homes, support, and community.
- Lack of **affordable, social & supportive housing** negatively impacts everyone.
- Alberta has the resources to ensure everyone has a decent home and community.

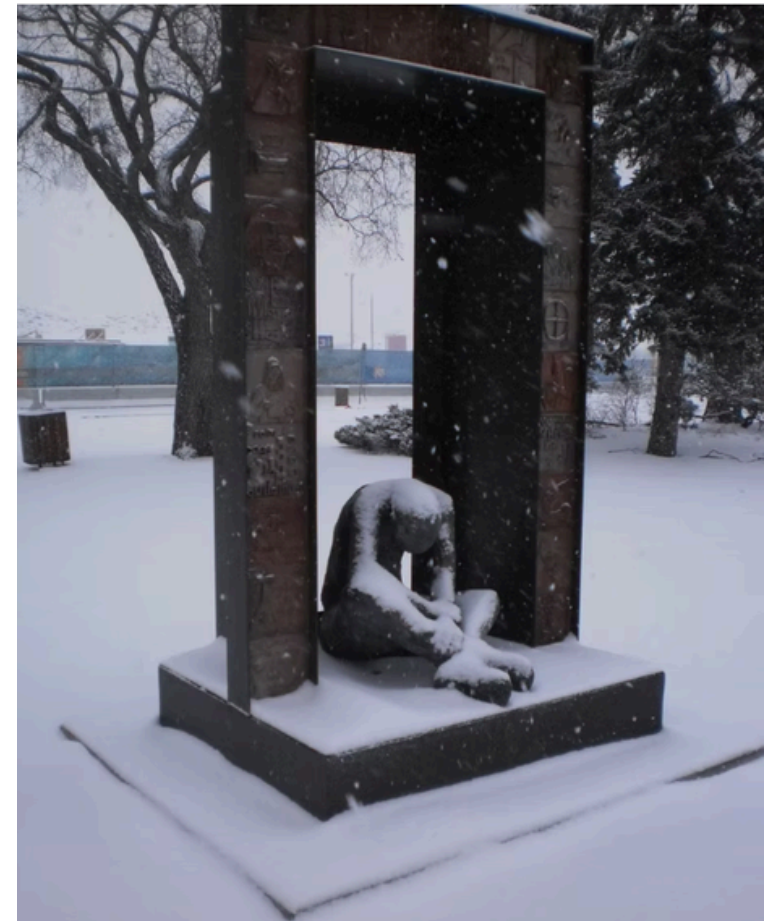

## WE CARE BECAUSE:

- **THE CURRENT LIVING CONDITIONS OF THOUSANDS OF PEOPLE IN EDMONTON WITHOUT ADEQUATE HOUSING ARE UNBEARABLE**
- **THE UNDENIABLE FACT THAT THE NUMBER OF THOSE SUFFERING WILL CONTINUE TO GROW**
- **THE KNOWLEDGE THAT WE COULD BE DOING BETTER**

housing and homelessness

## HOUSING IS A HUMAN RIGHT

# THINGS YOU CAN DO

Clearly advocate for **affordable, social & supportive housing** when engaging with public officials.

Join ECOHH and others in advocacy initiatives to provincial and federal governments for **affordable, social & supportive housing** funding.

Share your views about the need to find a **compassionate approach** to dealing with people living in informal shelters, instead of demolishing camps and forcing people to move about.

Support City of Edmonton **development and zoning bylaws** that prioritize the human right to housing in every neighborhood.

Speak out for an enhancement to **social support programs** for our most vulnerable.

**JOIN ECOHH TO  
MAKE YOUR  
VOICE HEARD**

## Stay Informed

**The Edmonton Coalition on Housing and Homelessness is a member-driven coalition working to raise awareness, advocate, and educate for actions and solutions to housing and homelessness issues.**
